Traditionally known as Bawating ("the place of the rapids"), Sault Ste. Marie is a place of cultural significance. Located in the Heart of Turtle Island, Indigenous people have occupied this region since time immemorial.

We acknowledge with respect, that we are in Robinson-Huron Treaty territory, that the land on which we are gathered is the traditional territory of the Anishinaabe and known as Bawating. Bawating is the home of Garden River First Nation, Batchewana First Nation, the Historic Sault Ste. Marie Métis Council.

Hiking is a great way to explore the beauty of the Soo and the surrounding area. Explore breathtaking waterfalls, hikes with stunning views and trails that expose the rich cultural history of the area.

**1. BELLEVUE PARK** Bellevue Park is the perfect spot for a leisurely family hike. 2km of picturesque trails weave through seventeen hectares of immaculately maintained gardens that take you to the adjoining Topsail Island and The Algoma Sailing Club.

**2. CRYSTAL FALLS** Hiawatha Highlands and Kinsmen Park area have many loop trails that offer hikers choices of terrain, lookouts, and varying lengths to suit anyone’s schedule and abilities. Walking beneath towering Pines and beautiful Maple’s, these trails are well marked at each entrance and also link up with the larger Voyageur Trail system. A highlight along the way is the impressive Crystal Falls. You can park at Kinsmen Park and take a two-minute walk to the base, followed by a short climb up wooden steps to the top.

**3. WHITEFISH ISLAND** Located on the traditional territory of the Anishinaabe peoples, this historic location has served as a meeting ground since time immemorial. Ojibwe fishers came from miles around to harvest the bountiful white fish, which served as a food source for the communities. Fishing was done by dipping nets in the rushing waters while skillfully maneuvering birchbark canoes among the eddies and pools of the rapids. Spend an hour on the easy-to-follow trail system marked with informational plaques and learn about the importance and historical relevance of the island.

**4. THE HUB TRAIL AND FORT CREEK** The Hub Trail is the perfect family-friendly hike for you. The trail as a whole is 22.5km long but the Fort Creek section is 1.6km and leads you to two picturesque bridges over the creek. It offers the beautiful scenery of the creek itself and many opportunities to spot all the amazing creatures that live there, including red-tailed hawks, painted turtles, great blue herons and monarch butterflies.

Hiking Robertson Cliffs

Robertson Cliffs, just 30 minutes north of Sault Ste. Marie, is one of the best hikes in Ontario and one of the best ways to experience the fall colours. Views from any of the incredible lookouts stretch for miles out across Bellevue Valley, towards the Goulais River, and as far as Lake Superior.

WHERE ARE ROBERTSON CLIFFS? The Robertson Cliffs are located approx. 30 minutes north of Sault Ste. Marie, just east of the trans-Canada Highway, Highway 17. There are three parking areas at the trailheads. Precise details are on our website, use the QR code below.

HOW LONG DOES THE HIKE TAKE AND HOW DIFFICULT IS IT? The route to the top can take between 45 minutes and 2 hours depending on which trail you take, and then the same on the way back. So allow yourself at least 2 hours as a minimum. It’s moderately difficult because there is some scrambling over rocks, small streams, and occasional fallen trees.

WHAT ROUTES ARE THERE AND ARE THE TRAILS WELL MARKED? Three routes are available that will get you to the top. The Blue and White routes are 2km long and take 45 minutes. The yellow trail is a longer 2.5km trek that takes you past beautiful waterfalls. Allow 2 hours for this hike to the cliffs.

WHAT ABOUT THE LOOKOUTS AND WHAT IS THE VIEW LIKE? There are three main lookouts with several others you can find along the way too. The views… judge for yourself.

ARE THERE ANY TOUR GUIDES? Three awesome local tour guides can show you the way to the top of the cliffs and give you some stellar insights into the area. Contact Thrive Tours, Forest The Canoe, or Blaq Bear Eco Adventures to book your trip. Contact information is available in the Activity Directory under Tour Guides.

WHO MAINTAINS THE TRAILS AND HOW CAN I HELP? The trails are maintained by the Algoma Highlands Conservancy, a not-for-profit organization that is run by local volunteers. They rely on memberships and donations. To help support the highlands for generations to come, visit: www.algomahighlandsconservancy.com

#OUTSIDEOFEXPECTED
Sault Ste. Marie is the perfect place to take in some of the most stunningly vivid fall colours in Canada – our Instagram-worthy pictures prove it. Here is a handy guide on how to experience them for yourself.
ADVENTURE

BY WATER › TAKE A GUIDED PADDLE
What better way to see the full vista of fall colours than from a boat? Let our experts guide you along the St. Marys River, up the Superior coast, or to one of our many inland lakes in the area. Book a bucket list trip with Forest The Canoe (main picture), Thrive Tours or the iconic ‘Big Canoe’ from Lake Superior Watershed Conservancy.

BY LAND › GET YOUR HIKING BOOTS ON & HEAD TO THE CLIFFS
The Soo is the start of many incredible hiking trails including the Voyageur and Trans-Canada trail. Head to Hiawatha Highlands and get a full taste of colours almost on the city’s doorstep, or the Algoma Highlands Conservancy and hike up King Mountain or the stunning Robertson Cliffs.

BY BIKE › ENJOY A RIDE WITH A VIEW
Hiawatha Highlands has over 35km of incredible mountain biking trails. Enjoy some top quality outdoor adventure while taking in our beautiful fall colours. For a family ride head to Fort Creek on the Hub Trail and enjoy the view from one of the bridges over the ravine.

BY TRAIN › NO MORE WORDS ARE REQUIRED
The Agawa Canyon train is a Canadian Signature Experience and the perfect way to enjoy fall. Sit back, relax and watch the stunning colours of Algoma from your window on this iconic and bucket-list journey.
Sault Ste. Marie is home to some of the best skiing east of the Rockies, and west of Québec including Alpine, Nordic, and Backcountry. You can expect scenic vistas, glacier-scoured hills, ancient forests and — most importantly — truly monumental snowfall. Here are 4 ways to ski in the Soo.

1. **BELLEVUE VALLEY LODGE** For backcountry skiing, your starting point is Bellevue Valley Lodge, set in the massive Canadian Shield hills of Goulais River. Lake Superior drops an average of 250-300cm of snow every winter, and combined with 700 feet of vertical it makes for some steep and deep fun! Bring your climbing skins to earn your turns on formidably named runs such as Undertaker, Overtaker, Vortex of Pain, and the Pyramid.

2. **HIAWATHA HIGHLANDS** This premier destination for winter recreation offers more than 50km of varying levels of cross country skiing trail on professional machine groomed trails for both classic and skate skiing. Parking and trailheads are located at 780 Landslide Road, located just a few minutes’ drive from downtown. Hiawatha easily ranks among the best places to go cross-country skiing in Ontario. If you like night skiing then check out the 2km Kinsmen lit section of the Crystal Creek system, perfect for an evening workout. They also run lantern ski events at various times of the year. Keep an eye on the website or on social media for details. www.hiawathahighlands.com

3. **SEARCHMONT RESORT** Big vertical, rugged terrain, Searchmont has some of the best downhill skiing in Ontario. On top of the 700 feet of vertical, 21 runs, 100 acres of rolling mountain, terrain park, new lifts, snow school, Searchmont is also a fully equipped resort with a restaurant, bar, shop, ski and snowboard rentals as well as accommodations. Escape the crowds and the lift queues and getaway to this stunning, adventure-packed mountain.

4. **STOKELY CREEK LODGE.** It’s not an exaggeration to say that Stokely Creek is a world-class cross-country resort – it was recently voted top 5 in North America by USA Today. A short 30-minute drive from the city, this stunning venue draws visitors from all over the world. There are over 100km of trails for classic and skate-skiing. Stokely earns its credibility with breathtaking scenery, including frozen waterfalls and lakes, endless forests, and the amazing vista from the top of King Mountain. Backcountry cabins and rest stops are spread out along the way, enhancing the resort’s wilderness feel.
We own winter, there we said it, and a visit to the Soo is a chance to experience winter the way it should be experienced. Here are some ideas to get you started.

1. **FAT BIKE THE TRAILS**
   It’s been called one of the fastest growing winter sports and Sault Ste. Marie is the perfect place to visit with your fat bike with over 50km of trails at Crimson Ridge, Hiawatha Highlands or Whitefish Island. Check out our website or the Sault Cycling Club’s for all the latest info [www.saultcyclingclub.ca](http://www.saultcyclingclub.ca).

2. **SNOWSHOE THROUGH A TRUE WINTER WONDERLAND**
   Being in the Lake Superior snowbelt we have abundance of snow and snowshoeing is a great way to experience it. We have trails at Crimson Ridge, Hiawatha Highlands, Sault Golf Club or Stokely Creek Lodge. Or take a tour with Forest the Canoe, Thrive Tours, Blaq Bear Eco Adventures or Lake Superior Watershed Conservancy.

3. **TAKE A TOUR TO THE SPECTACULAR ICE CAVES**
   These were recently voted one of 52 must visit places by New York Times. Enigmatic, mysterious and just beautiful to see. We recommend going with an expert guide so contact Forest the Canoe, Stokely Creek Lodge for information.

4. **GET YOUR SKATES ON...**
   in one of our many outdoor rinks:
   - **Anna McCrea Rink** 250 Mark Street
   - **Art Jennings Speed Skating Oval** 260 Elizabeth Street
   - **Clergue Park Skating Trail** 10 East Street
   - **Crimson Ridge** 418 Fourth Line West
   - **Esposito Rink** 36 Queen Street West
   - **Merrifield Rink** 31 Patrick Street

HOW TO SPEND A DAY WITH THE
FAMILY
IN THE SOO

By adventureswiththehills

There are so many exciting things to do in Sault Ste. Marie with the family! From biking and hiking to eating delicious treats or enjoying local artwork - this will be a day that everyone in the family will love.

SAULT STE. MARIE CANAL NATIONAL HISTORIC SITE Start your day off with some coffee and snacks from Gelato Mill in the Canal District then head over to the Soo Canal. When the lock was built in 1895, it was the longest in all of Canada. Today, pleasure watercraft are transported up and down the river through the lock to bypass the St. Marys River Rapids. Here you can enjoy watching the boats lock through as you walk along the canal.

WHITEFISH ISLAND Take one of the bridges across the canal lock gates to get over to Whitefish Island. Bike or hike along trails and boardwalks as you take in views of the rapids along St. Marys River (Parks Canada have bike rentals during the summer months). You can learn about the island's indigenous culture by reading the information signs along the trail. Make sure you also keep a lookout for the fairy doors painted around the island!

The main loop will take a family around 45 minutes to complete by bike or an hour hiking. Side trails are available if you want to extend your adventure - like going under the international bridge!

THE HUB TRAIL After exploring Whitefish Island, you can continue your bike ride or stroll along the John Roswell Hub Trail. This beautiful boardwalk provides you with amazing views of the river as you pass significant landmarks along the waterfront. Stop to enjoy one of the delicious offerings at BeaverTails located next to the Roberta Bondar Pavilion (another spot where you can rent a bike during the summer).
**BUSHPLANE MUSEUM** As you continue along the Hub Trail you’ll come to one of the best attractions in the city for families; the iconic Bushplane Museum. Kids will charge around exploring and interacting with all the exhibits, and parents will enjoy taking in some of the most iconic planes in Canadian history. Rain or shine, this is definitely worth a visit and check out Entomica too, an Insectarium where you can hold some very interesting creatures!

**BELLEVUE PARK** Next, continue east along the Hub Trail to Bellevue Park to enjoy a picnic and a play. With seven separate playground structures, Bellevue Park is a kid’s dream come true. Along with its impressive playgrounds, the park also includes a splash pad, beautiful paths along the waterfront, and picnic areas.

**CITY MURALS AND INCREDIBLE ICE CREAMS**
Head downtown to see the incredible mural artwork around Sault Ste. Marie. These murals have been painted by local, indigenous and internationally renowned artists, adding vibrant character to the city! If you are visiting in June, you can watch new murals being painted as part of the Summer Moon Festival. While you’re downtown, be sure to stop by Elliott’s Ice Cream for a treat that not only tastes delicious but also looks like a work of art!

**CRYSTAL FALLS** Looking for more? Take a ten minute drive to Crystal Falls, located in Kinsmen Park. The falls are a short walk from the parking lot and can be accessed by walking along a wooden boardwalk. The amazing views keep coming as you walk up a series of steps to viewing platforms and experience the many layers of this waterfall.

After such a great day of family fun and activities, the whole family will want to come back and do it all again! Sault Ste. Marie is the perfect place for a family adventure.
CRIMSON RIDGE  Crimson by name, and if you play in the fall when the trees are changing colour, Crimson by colour. Just north of the city centre, this course is built around some of the most beautiful hardwood forests of the Canadian Shield. Enjoy waterfalls, creeks, numerous elevation changes, and incredible views and vistas awaiting on this scenic par 72. Make a day of it by dining in the clubhouse restaurant ‘Embers’. Pro-shop and driving range available. 418 Fourth Line West | www.crimsonridge.com

ROOT RIVER GOLF CLUB  This wonderful, 9-hole course is located to the north of the city. Wide fairways and accessible greens, with some interesting elevation, make it a great course for a family golf day. There’s a driving range, a pro-shop, and a restaurant, ‘The Root’ alongside. 85 Old Hwy 17 North | www.rootriverco.com

SAULT STE. MARIE GOLF CLUB  This beautiful 18-hole, semi-private course situated just east of downtown is the beating heart of the city’s golfing scene. Stanley Thompson designed, with a great blend of the fairway, rough and water, you can walk or ride this par 72 course then refresh in the nearby ‘19th hole’ – ‘Mulligans Irish Pub’. There’s also a pro-shop and driving range. 1804 Queen Street East | www.saultgolfclub.ca

SILVER CREEK  Indigenous-owned and operated, Silver Creek is situated in the Garden River First Nation. The Arthur Hills designed 18-hole championship layout is one of Northern Ontario’s longest courses, with a par of 72 and measuring from the championship tees 7435 yards. There’s a driving range, pro-shop and carts are available. 104 Belleau Lake Road, Garden River www.golfsilvercreek.com
When the summer hits the beaches come calling. Here are some of our best sandy beaches you can visit.

**AGAWA BAY BEACH** At the southern end of Lake Superior Provincial Park lies this stunning 3km sandy beach. Passes are available for day use or camping at the visitor center.

**BATCHEWANA BAY PROVINCIAL PARK & BEACH** Batchewana Bay’s sun-soaked, 5km beach is the perfect place to spend a summer’s day with the family. The water here is shallow, warm, and perfect for swimming! Facilities include picnic tables and bathrooms. Passes for this day-use provincial park can be made online or at the visitor center located on Highway 17.

**PANCAKE BAY PROVINCIAL PARK & BEACH** Around the corner from Batchewana lies the jewel in the crown of beaches. Golden sand beach and crystal clear, Caribbean blue water make it a favourite. Day passes are available as well as overnight stays in the campground.

**HARMONY BEACH** This is the first beach you will encounter when traveling north from the city. Only a half-hour drive and features 3.2km of stunning sand and great swimming.

**POINT DES CHENES** A family-friendly sandy beach in Sault Ste. Marie city limits. This slice of paradise is only a short drive from downtown.
Sault Ste. Marie has invested in new mountain biking trails and in doing so has created a buzz in the mountain biking community. They recently hired Quebec trail-building company Sentiers Boréals to build upwards of 12km of new trails adding to the existing 32km of trails. Sentiers Boréals have built trails all over Quebec including at Mont-Saint-Joseph and Le Massif.

The City’s long-term plan includes one large loop connecting the mountain bike trail networks and making them accessible from downtown. There are more flow and enduro-style trails in the planning stages and they’ll be building a dirt pump track in 2022.

Included in the new trails is an epic backcountry adventure to Farmer Lake. This beautiful 7km out & back trail is adjacent to new enduro trails on the north end of Hiawatha. This ehis’ implies that it’s the Farmer Lake trail that is filled with rocks, roots and drops. It’s a terrifying roll through the rugged forest of the Canadian Shield. There are five-foot drops, machine-built berms, and an over/under jump that defies reason.

When opened in the spring of 2022 these new trails will be an extension of the already considerable trails in Hiawatha. Another trail that opened in fall 2021 is the newly built ‘berm baby berm’ forest and boardwalk trail that runs alongside Crystal Creek, something more akin to west coast riding than anything you’d expect in northern Ontario.

What will likely be the biggest draw though is a new jump/flow trail for riders of all levels that is an absolute hoot. We do laps over and over with a bunch of kids and parents and it will help the next generation of young riders to flourish. I watch artist-photographer Paula Trus, who would not really consider herself a mountain biker, ride through here on an ancient 26-inch bike and laugh out loud the entire way down. It’s a thing of beauty.

This seems to be how it goes in Sault Ste. Marie: The people into riding are really into riding. The landscape is rugged and wild, creating tough riders ready for tough adventures.
Jan Roubal, owner of the local bike shop Vélorution, is an absolute animal. While I was there, he hosted a bike ride across the road from his house. One lap was 30km of singletrack; many people rode four laps. This summer, Jan also rode his gravel bike to Sudbury and back in one day. Well, kinda; it took him 30 hours to do the ride, so technically it took just over one day. “I get these kinds of ideas in my head and I just can’t let them go,” he says.

While some choose to regularly do century rides, others build the biggest jumps and steepest lines this side of the Rockies, like the ‘Table Rock’ jump built north of the city in the Algoma highlands. And many people fall somewhere between the two. This means the caliber of rider in the Soo is high.

For those new to the area and looking for an expert to guide them, you can seek out Red Pine Tours. When the guys pick me up for an overnight mountain bike trip, I know we’ll get along; they’re wearing flannel shirts and jean shorts. And that’s their riding gear. While they tend to do ridiculously lengthy, self-punishing tours, they’re taking it easy on me. We head to Stokely Creek for the pièce de résistance of their packages: their bike glamping tour. We ride out to Norm’s Cabin where we’ll spend the night. And all our gear is delivered to the cabin so we don’t need to carry any of it.

Stokely’s trail system began as a cross-country ski destination, but singletrack has slowly taken hold between the double track to create an endless network of trails. There are lots of painful, lung-punishing climbs but also a bunch of seriously fun descents and some amazing viewpoints like the one on top of King Mountain where you can see all the way to Lake Superior.

After 12km of mixed single and double track, we get to Norm’s Cabin. Situated on Bone Lake, the two-story cabin is a perfect place to spend the night. One of the Red Pine guides is a brewmaster at the Soo’s OutSpoken Brewery and the other guide is the brewery owner. So we’ve soon cracked a couple of cold Deadfall lagered ales and are cheering the day’s accomplishments.

The guys get to making dinner. It’s totally local: freshly caught “specks” (speckled trout), backyard-grown zucchini, locally raised ribs. The wood fire keeps us warm all night and the silence is absolute; we don’t see another person for about 16 hours.

In the morning we do an adventure ride through a bog and back down to our vehicles at the Stokely parking lot. It’s another major lesson in what the region offers: really fun, challenging terrain, endless trail networks, and a friendly crew of locals more than willing to share. It’s a perfect destination for a two-wheeled getaway.

How to Paddle in the Soo

We’re located on an awesome river between two of the biggest and best lakes in the world – of course we’re all about paddling and watersports! If you are too and want to know more, keep reading.

**GO GUIDED** No boat? No problem! There are several tour operators in the city who will equip you and provide interpretive tours of the local area. Forest The Canoe offers canoe and kayak trips just north of the city on both Lake Superior and inland lakes. Thrive Tours (title image) and Lake Superior Watershed Conservancy’s iconic Big Canoe runs interpretive trips along the St. Marys River and right up to the rapids.

**RENT YOUR CRAFT** Feeling a little more independent? The Waterfront Adventure Centre rents all kinds of paddling craft for trips up and down the river. Forest The Canoe and Thrive also offer boat rental.

**DO IT YOURSELF** A lot of people show up in the Soo with their boats and we have public access docks to allow you to enjoy the river. One is located at the Bondar Marina and a second public dock is located next to the Sault Naturalists Wildlife Viewing Platform just east of the Bellevue Marina. With ample parking and a fully accessible transfer system, this is one of the most popular launches along the St. Marys River.

**GET THE GEAR**

2021 welcomed two new tour guides in Sault Ste. Marie. Both offer truly unique experiences on land, lake, river, snowshoe or even under canvas. Meet Forest the Canoe and Thrive Tours.

**FOREST THE CANOE** This dynamic husband and wife partnership are Forest The Canoe, AKA Ryan and Shana Walkerbottom.

They named themselves Forest after one of their canoes and named their beautiful dog Mason, after an explorer. This gives you a sense of Ryan and Shana; big into outdoor adventure and is what they offer guests.

Their specialty is of course canoe tours both on Superior or on inland lakes like Robertson Lake (pictured), but they also offer interpretive hikes, snowshoe hikes, camping, boat rental and have onsite glamping options as well.

If you are visiting in the fall book a ‘Haunted Halloween’ hike in Hiawatha – but book early as they sold out fast in 2021! [www.forestthecanoe.ca](http://www.forestthecanoe.ca)

**THRIVE TOURS** Thrive Tours is an Indigenous-owned & operated interpretive guided eco-cultural tourism company (and winners of multiple industry awards) run by partners Brad and Amanda.

Their specialty is of course canoe tours both on Superior or on inland lakes like Robertson Lake (pictured), but they also offer informative hiking tours and much more! Look for their new guided powwow tours in the summer of 2022.

The activities offered are fantastic, but what you will remember is the cultural experience. Brad is a member of Oneida Nation of the Thames First Nations and shares his heritage with guests during the tours and Amanda also draws upon her Indigenous roots. Together they help visitors connect with the land and water while learning about Indigenous culture.

The highlight of any tour will likely be listening to Brad and Amanda sing on the hand drum and rattle; it’s a moving and unforgettable experience for all of their tour guests. [www.thrivetours.ca](http://www.thrivetours.ca)
A new day loop is now open for riders—The Soo Highlands Loop. Check out why riding out of the Sault is the perfect way to enjoy a day on the trails!

When it comes to Ontario snowmobiling, it's all about adventure and good times. With 32,000 kilometres of groomed trail reaching far-flung corners of the province, planning the perfect snowmobiling experience can be a time-consuming challenge. Luckily in Sault Ste. Marie, there is the new Soo Highlands Loop.

A snowmobiler’s approach to a day on the trails is often to get the most out of that day, from dawn to dusk, and long miles in the saddle is not uncommon. The Soo Highland Loop at 169 kilometres is not about that—instead, it’s about finding the balance between snowmobiling, life, and good times. Think of it as an adventure with benefits, the perks being all the comforts and amenities of Sault Ste. Marie at your fingertips.
WHY CHOOSE THE SOO FOR YOUR NEXT SNOWMOBILING ADVENTURE? Lake Superior is well documented for dumping up to 300 to 350 cm (12 -14 feet) of snow on Algoma annually, allowing for one of the longest and dependable snowmobile seasons in Ontario.

The Sault Ste. Marie area’s trails are always at their best, thanks to the Sault Trailblazers Snowmobile Club's efforts, and you will find the latest trail condition updates on their website. Within Sault Ste. Marie city limits, you will find accommodations, parking for truck and trailer and easy trail access.

WHAT TO EXPECT ON THE SOO HIGHLANDS LOOP

Once you’ve enjoyed a leisurely breakfast at your chosen Soo accommodations, you’ll be ready to hit the trail for a day of riding. Follow trail D130 north until you reach the D trail.

Whether you choose left or right, the destination is the same: lunch in Searchmont at the end of a pleasant, no-rush morning ride. The local preference is to make a right at the D trail, take in the Lake Superior view at Goulais River, and perhaps even take the short detour to the lake’s shore.

For riders looking for some big adventure this is your access to the iconic Halfway Haven. This remote wilderness lodge is located 140km north of Searchmont, and is a vital link for those seeking shelter and fuel for long distance wilderness adventures. Learn more here [www.halfwayhaven.com](http://www.halfwayhaven.com)

After lunch, continue south along the SMM 5 trail and back onto the D trail. The path widens and meanders through a pristine landscape of frozen lakes on the way back to Sault Ste. Marie. Back at the hotel, enjoy a relaxing spa, a delicious meal, and perhaps a night on the town.

EXPERIENCE WINTER
Traditionally known as Bawating (“the place of the rapids”), Sault Ste. Marie is a place of cultural importance. Located on the shores of the St. Marys River, the city is the connection between Lakes Huron and Superior – the Heart of Turtle Island. Indigenous peoples have occupied this region since time immemorial. Surrounded by an abundance of natural beauty, it continues to be a traditional gathering place for the Anishinaabe people of the Great Lakes.

INDIGENOUS CREATED MURALS AND ART

Explore downtown Sault Ste. Marie and the Canal District and view the magnificent artwork of multiple Indigenous artists including Patrick Hunter, Thomas Sinclair, John Laford and Rihkee Strapp and Mishiikenh Kwe.

John Laford proudly stands infront of his painting at the Agawa Canyon Train Station
DIP YOUR TOES IN GITCHI-GAMI

MEET MISHIPESHU: THE GREAT LYNX  No visit to Sault Ste. Marie would be complete without taking a day trip along the coastal shores of Lake Superior. Pack your hiking boots, bathing suit and camera and head north to visit the Big Lake. Within the hour, you will find pristine beaches along the shores of Batchewana and Pancake Bay. Reward yourself with a legendary apple fritter from the Voyageur Lodge and Cookhouse before continuing north to the Agawa Rock Pictographs. This sacred site is located in Lake Superior Provincial Park. Visitors are asked to please respect and preserve the pictographs and not to touch the images. On your way back stop in at the Canadian Carver to shop a variety of crafts, furs, moccasins, pottery and more!

The CBHC is the only facility in North America dedicated to the history of Bush Flying and Forest Fire Management. This interactive museum is onsite of the original 64,000 square foot hangar where water bombing first began. Take in over 30 aircrafts along with a flight simulator, two theatres including a fire fighting adventure in 3-D, and an interactive Children’s Flight Centre. Kids can climb a fire tower and sit in the cockpit of a vintage bushplane. Fun for all ages.

ONE OF THE PLANE EXIBITS IS A MOVIE STAR!
The Fokker F. VIIb-3m Trimotor “Friendship” (featured in above photo) was constructed specifically for the 2009 movie “Amelia” starring Hilary Swank, Richard Gere and Virginia Madison.

**MEET THE BUGS**

**NAME:** “FLORA”  
**SPECIES:** WALKING LEAF OR LEAF INSECT (PHYLLIUM SP.)

**FUN FACT:** Leaf insects are experts at camouflage. They not only look like a leaf, but they act like one, too! When they move, they do a little wiggle back and forth; this is meant to resemble a leaf shaking from the touch of a passing breeze. Keep on rocking on, lil’ bug.

**NAME:** “ROSE”  
**SPECIES:** CHILEAN ROSE HAIR TARTARULA (GRAMMOSTOLA PORTERI)

**FUN FACT:** Female rose hairs, like Rosie here, can live a looong time—about 20 years! That’s older than many breeds of dog or cat. Our girl is at least ten years old, so we expect to enjoy Rosie’s company for many more years to come!

**NAME:** “ELVIRA”  
**SPECIES:** GIANT DEAD LEAF MANTIS (DEROPLATYS DESICCATA)

**FUN FACT:** You’ve all probably heard about mantis ladies chewing off the heads of their male lovers. This is usually because the females require a lot of nutrition to lay their egg cases, which often contain hundreds of eggs! Their mates just so happen to be the easiest and closest source of nutrition. But if she’s well-fed, he’s usually left alone.
The Ermatinger Clergue National Historic Site offers a year-round cultural attraction for residents and visitors to Sault Ste. Marie. The Site consists of an interactive Heritage Discovery Centre and two of the oldest stone buildings, located northwest of Toronto - the Ermatinger Old Stone House and the Clergue Blockhouse. With many exhibits and interactive features, the Heritage Discovery Centre promises to make history an engaging experience for everyone.

THE POST GIFT SHOP
While on site do not forget to stop inside the Discovery Centre and visit the Post Gift Shop.

The shop features a signature line from the Hudson Bay Company, Canadian souvenirs, maple products, and many other unique locally made items.

LAVENDER SHORTBREADS

| 1½ cups unsalted butter, softened |
| 2/3 cup granulated sugar |
| ¼ cup icing sugar |
| 1 tablespoon dried culinary lavender |
| 1 teaspoon dried peppermint leaves |
| 1 teaspoon lemon zest |
| 2 ½ cups all-purpose flour |
| ½ cup cornstarch |
| ¼ teaspoon salt |

In a medium bowl, cream together the butter and sugars until light and fluffy. Mix in the lavender, mint, and zest. In a separate bowl, sift together the flour, cornstarch, and salt. Mix into the butter and sugar until a soft dough forms. Divide dough into two balls. Wrap and refrigerate for 1 hour, until firm.

Preheat oven to 325°F. On a lightly floured surface, roll the dough to ¼" thickness. Cut into shapes and place on a lined cookie sheet.

Bake for 18-20 minutes, careful not to overbrown them. Cool for a few minutes on the baking sheets before transferring the cookies to a wire rack to cool completely.

**NAME: COMMEMORATIVE OLYMPIC METAL**
**DATE: 1928**
Description: This bronze gold metal was awarded to Sault Ste. Marie local Olympian Boxer Ray Smillie in the 1928 Olympic Games in Amsterdam, Netherlands. The bronze disc has an image of a seated female figure; with the words stamped; “IX Olympiad Amsterdam, 1928”.

**NAME: COMMEMORATIVE KEYS**
**DATE: OCTOBER 28, 1954 & NOVEMBER 7, 1963**
Description: These two commemorative keys were presented to the Grey Sisters of the Immaculate Conception during two significant ceremonies in Sault Ste. Marie. The keys celebrated the grand opening of the General Hospital’s addition of the New Pavilion’s B Wing in 1954 and the Pavilion’s A and Y wing in 1963.

**NAME: SURVEYOR’S STAKE**
**DATE: 1846**
Description: The stake was used by local surveyor Alexander Vidal. The large square wooden post, pointed at both ends of the stake, features carved lettering on all four sides to depict the direction from the stake in which each divided land plot would begin. It was used to dictate plots and streets based on Vidal’s surveying.
The Sault Ste. Marie Canal, built in 1895, was the world’s longest lock, the first to operate using electricity and the last link in an all-Canadian navigational chain from the Atlantic Ocean to Lake Superior. Today, the Canal is a great spot for boat-watching, picnics and a variety of other activities. Let a Parks Canada interpreter introduce you to the canal’s fascinating history, rent a Fat Bike, or join them for tea at the Superintendent’s Residence.

NEW VISITORS CENTRE OPENING 2022!

Parks Canada is excited to welcome you to our new visitor centre, exhibit and gift shop located in the historic Stores Building. Come and learn about the construction of the canal and the significance of the St. Marys River rapids to the Anishinaabe and Métis Peoples. Watch the lock in action with boats rising from Lake Huron to Lake Superior. Venture out on the trails by foot or bike, take a guided site tour or enjoy an afternoon tea at the elegant Superintendent’s Residence. The Sault Ste. Marie Canal National Historic Site is a place to escape and to connect with nature and history.
Once the site of a Northwest Company trading post (established in 1874) followed by the home of Francis H. Clergue and Sault Ste. Marie’s Pulp and Paper Company (later known as St. Mary’s paper) this downtown location is steeped in history.

The buildings on this site have been admired for their unique architecture with Romanesque Revival style and iconic reddish sandstone drawn from the waters of the St. Marys River.

The first canal on this site was built in 1798 to help water traffic bypass the St. Marys River Rapids connecting Lake Superior and Lake Huron. A replica of this “bateau lock” is currently located north of the Algoma Conservatory of Music building.

While on site at the Canal District enjoy delicious dining at one of the many restaurants on site including:

- The Boiler Room
- The Mill Steakhouse & Wine Bar
- The Gelato Mill
- The Steamfitters Lounge
- The Blockhouse Pub

The newly constructed Train Station features Indigenous Art Murals including National Renowned Indigenous Artist John Laford, and the commissioned piece for the original meeting place, Baawaating, the ‘Spirit of the Mighty Sault Rapid’.

The Indigenous story of the Creator and Turtle Island, is captured beautifully in the full-length floor mural from Indigenous Artist, Thomas Sinclair.

Year round events of mixed-genre concerts with outstanding regional artists including the finest Canadian and International touring ensembles.

Visitors can view four exhibition spaces featuring a variety of exhibits including local art and painting from the Group of Seven.

GIFT SHOP  The Gallery Shop offers a wide selection of gifts made by local artists, as well as the Group of Seven items.

SCULPTURE PARK  The natural beauty of the waterfront and the city’s boardwalk makes a perfect backdrop for the Elsie Savoie Sculpture Park.

GROUP OF SEVEN  The Group of Seven are well-known icons to all Canadians and are closely connected to the Algoma Region. This group of painters became revolutionary for developing a new style of painting in Canada. Learn more about them and their unique style of painting Northern Ontario’s beauty and their contribution to the formation of Canadian art history.  www.MomentsofAlgoma.com
Here are a few murals you will find on the tour.

**ROLLING PICTURE HORSE** (Jery Rugg aka birdO)
With a cohesive color scheme and elements of motion, the large-scale galloping creature is impossible to miss. birdO’s intention with his art is always to leave an environment better than when he came.

**PLANTA MUSICA** (Daniela Rocha)
A colorful magical jungle piece featuring Bachué. A mother goddess that according to the Musica religion is the mother of humanity.

**CULTURAL CONNECTIONS**
(Alexander Bacon/Que Rock/Peru 143)
“3 Guys, 3 days and over 300 cans. One Love.” Three talented artists come together to inspire. Que Rock's mural (left), depicts “A medicine wheel”, seven grandfathers and the thirteen grandmother clan system. Perú’s section (centre) revolves around one common purpose, to heal, inspire and uplift people’s spirits. Alex Bacon’s falcon (Right) represents the local species.

Some local flavours to sample...
**Maglia Rosa** – Three different noble German hops provide this pilsner with a hop aroma that is floral and slightly spicy. The Maglia Rosa is dry, drinkable, sessionable and an all-around perfect summer beer.

**Short Shorts** - India Pale Lager with heavy doses of Galaxy hops contribute to the mildly aggressive notes of tropical fruit that mellow out into a refreshing and balanced maltiness. The result is a crisp and somewhat dry beverage that finishes clean and allows the flavours of hops, malt, and yeast to shine through.

**Space Station #5** – India Pale Ale- Powerful tropical and citrus notes dominate this brew. Although slightly bitter, the addition of lactose helps cut through the bitterness. Space Station has a smooth full body and pleasant sweetness to finish.

**Tours are available by appointment.**

NORTHERN SUPERIOR BREWING CO.
We’re Superior, it’s a Northern Thing!

RIDE the RAILS 2022

DEPARTURE POINT  Departing from the Agawa Canyon Train Depot 83 Huron Street, located in the Canal District, this 114-mile excursion truly showcases the rugged beauty that is exclusive to the region. As you settle into your comfortable coach, you can feel the pace of life slow as the ride evokes a sense of simpler times while raising expectations for the journey that lies ahead. Traces of city life soon fade away as the Northern
Ontario wilderness begins to unfold outside the large tinted windows. The seemingly unending mixed forests of the Canadian Shield open up as you skirt the shores of northern lakes and rivers, cross towering trestles, and set eyes on the same rugged landscapes and majestic views that inspired the Group of Seven to create some of Canada’s most notable works of art.

As the train winds its way through this one of a kind terrain, a GPS triggered commentary weaves the story of the region.

Available in five languages including English throughout the coaches and French, German, Japanese, Korean and Mandarin via wireless headsets, you’ll learn about upcoming points of interest as well as some of the rich history of the Ojibway, fur traders, explorers and entrepreneurs that opened up this vast wilderness.
TRAILS IN CANYON PARK

The trails in the park have been developed to provide access to the most scenic spots and to provide a wide range of walking/hiking opportunities. The trails are well maintained and are covered in fine gravel. Park staff roam the trails during the tour and you may usually find them stationed at the Lookout, Bridal Veil or the First Aid Building should you require assistance.

NOTE: Approximate trail times are for a round-trip from the park First Aid Building. Please refrain from smoking on trails.

THE TALUS TRAIL

This trail follows along the base of the west canyon wall. It will lead you past lichen covered talus slopes to the viewing platforms at North and South Black Beaver Falls 176ft/53.3m (30 min return) and Bridal Veil Falls 225ft/68.5m (40 min return). The water flow at all the falls is contingent on runoff from snow and rainfall and can range from raging torrents to thin trickles over the course of the tour season.

THE LOOKOUT TRAIL

A challenge for the adventurous and the energetic, this trail ascends 250ft/76.2m (over 300 stairs) above the tracks to provide a breathtaking panoramic view of the canyon.

THE RIVER TRAIL

Follow this gently rolling trail along the banks of the Agawa River to Black Beaver Falls (30 min return) and Bridal Veil Falls (40 min return). The tannin-stained waters of the Agawa River are home to speckled (brook) trout, beaver, otters, mallard and merganser ducks. Picnic tables are located along this route for a private, peaceful lunch.

FIND OUT MORE: Experience all the best the region has to offer visit www.saulttourism.com/agawa-train for more information.
GROUP OF SEVEN
Several members of Canada’s Group of Seven painted in the Algoma region between 1918 and 1923, including Lawren Harris, A.Y. Jackson, Franz Johnston, J.E.H. MacDonald and Arthur Lismer. To gain access to this remote region, they rented a boxcar from the railway. The car was outfitted like a cabin and was shunted to sidings near choice painting locations. From these locations they would set out on foot or canoe to capture this untamed area on canvas. Their paintings brought this vast, rugged and beautiful part of the country to fellow Canadians and the world. Here are some interesting facts and details that you’ll find along your journey:

MILE 76: MONGOOSE LAKE
In the fall of 1920 the artists stayed in a cabin on Mongoose Lake instead of the box car to sketch and paint. One of these painting sites was discovered as recently as the fall of 2013.

MILE 92: MONTREAL RIVER/FALLS /HUBERT
The Montreal River attracted MacDonald and he made sketches in the neighbourhood of the falls that resulted in his large canvas, Falls, Montreal River. Among all the painters, he responded most deeply to Algoma, creating a magnificent series of large scale compositions.

MILE 113: AGAWA CANYON
The artists stayed in their boxcar studio in Agawa Canyon to sketch for several days and then using an Algoma Central Railway hand-car, they ventured north and south to sketch and paint.
